

OBJECT-LESSON WORK HAS BEEN FINISHED

Both Street and Road Work Will
Prove Eminently Successful.

FLINT IS A FINE THING

For the Construction of Streets—Is
Clean, Hard and Firm, and Becomes
More Compact as It is Used—Clay-
Sand a Fine Road Composition.

The block of object-lesson street
which has been under construction for
the past four weeks has been com-
pleted, and it is safe to assert that it
is one of the most solidly built and
most durable thoroughfares in the
South, vitrified brick not excepted.

The material used is the flint rock
which was taken from University
street two or three years ago, and
which the experts say is the best ma-
terial in the United States for road
and street building. The street, which
is seventy feet in width, is eight inches
thick in center, tapering to five inches
on either side, making a three-inch fall
from center to either side, which is the
standard grade. The big steam roller
has been faithfully and constantly
packing the material ever since the
construction began, with the result
that it is now almost as compact as a
solid rock.

"You are going to find this street
thoroughly satisfactory," remarked
Superintendent J. H. Dodge, under the
supervision of whom the practical
work has been done, "and it is safe to
state that it will remain here in good
condition as long as the city stands,
with the necessary repairs. The more
it is used the more solid it becomes,
and it is made of a material that the
rain cannot wash away."

While the street has cost the city
considerable, it has demonstrated the
material to be used for solid, perma-
nent streets, and has been a great
object-lesson to the future street build-
ers of Gainesville.

Mr. Dodge, who also supervised the
construction of the mile of object-
lesson road on the Paradise road, states
that the work proved most satisfactory.
The material used on this thoroughfare
was a mixture of clay and sand, being
about seventy-five percent of the former,
and will prove a most lasting ma-
terial. The county by private sub-
scription is building a mile of road to
connect with this strip, which will
make three miles of good road leading
from North Gainesville north.

Messrs. W. S. Spoon, J. H. Dodge
and W. H. Eldridge, the experts who
have been in charge of the work here,
expect to make their departure today
for Tallahassee. Mr. Spoon, who has
charge of the work, has generously
offered to allow the machinery to re-
main here for the purpose of rebuild-
ing University street, and an expert
road builder of Jacksonville arrived
last night to begin the work, which will
be completed as rapidly as possible.

While here the government road
men made many friends. They are
clever fellows, and it is with regret
that the people of Gainesville see them
go. They have taught us a great deal
in road-building, however, for which
we shall always thank them.

BIBLICAL INSTITUTE.

Meetings Will be Held in Mammoth
Tent, Beginning Friday.

The citizens of Gainesville and vi-
cinity will be given an opportunity for
the next few days, or as long as the in-
terest lasts, of hearing a series of fine
Biblical lectures by some of the most
impressive and most eloquent speakers
of the country.

The tent will be located on the lot
one block east of the postoffice, on
East Union street, corner University,
and a cordial invitation is extended to
the public.

The object of these studies is to pre-
sent Jesus Christ and Him Crucified,
to exalt the Holy Scriptures as Word
of the Living God, and to save the un-
converted. The promoters hope to be
greeted by good congregations.

The tent will be well lighted and
comfortable seats will be provided.

The meetings will be held in the
evening, and will begin Friday.

Incredible Brutality.

It would have been incredible bru-
tality if Charles F. Lamberger of Syra-
cuse, N. Y., had not done the best he
could for his suffering son. "My boy,"
he says, "cut a fearful gash over his
eye, so I applied Bucklen's Arnica
Salve, which quickly healed it and
saved his eye." Good for burns and
ulcers too. Only 25c at all drug stores.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TER-
RELL SCRAPE," a man known where-
ever plows are sold and used, says:

"I have used MOZLEY'S LEMON
ELIXIR for 10 or 12 years in my
family for the stomach, liver and kid-
neys, and find it is the best medicine I
have ever used. It is also a sure spe-
cific for pain in the back or under the
shoulders. I have recommended it in
numerous cases to my workmen, when
sick and unable to work, and it has al-
ways given perfect satisfaction. H. D.
TERRELL, President Atlanta Plow
Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

THE NEWS FROM MELROSE.

Delightful Social Functions—Depar-
ture of a Popular Family.

Melrose, March 27.—The first straw-
berries of the season were brought to
town on Saturday and found ready
buyers.

Rev. C. D. Frankel will hold morn-
ing and evening service at the Epis-
copal church on Sunday, April 2nd.

The Ladies' Aid Society will give a
pie supper at the town hall on March
28th, at 5 p. m.

The social evening of the Ladies' Literary Society at their hall on Tues-
day evening was one of the most en-
joyable affairs of the series. Some
forty-five members and friends sat
down to an excellent supper at two
long tables decorated with a profusion
of bridal wreath and purple wistaria
blossoms. After a short interval the
Peak sisters were announced and a
most entertaining performance began
under the leadership of Miss V. Smith,
the others being Mrs. J. A. Rummel,
Mrs. J. B. McDonald, Mrs. H. von
Noszky, Mrs. J. W. Johnson, Miss P.
Darlington, Miss M. Smith and J. A.
Rummel. All were so good in their
various parts that it would be hard to
single out who was best. Later on
some very good charades were given
and the prize winners of the highest
number of correct guesses were Mrs.
Darlington and Miss Schneller. Alto-
gether it was a very pleasant affair.

On Thursday evening Mrs. Orr, Mrs.
Treadwell and Mrs. H. W. Hamlyn
entertained their friends at the Home-
acre, progressive point euchre being
the game played at the nine tables.
The floral decorations were very
pretty, being of roses, wistaria and
other flowers. At the end of the
games most delicious refreshments
were served. The winners of the
pretty prizes were Mrs. J. B. McDon-
ald, Mrs. H. von Noszky, Mrs. J. B.
McDonald and Mrs. H. B. Tolles.

Newly registered at the Hoffman
House are Mr. and Mrs. J. B. Donald-
son, Ellenville, N. Y.; Geo. H. Pepper,
Thomasville, Ga., and J. B. Strodeman,
Winston, N. C.

The many friends of the Aycock
family will be sorry to hear that they
leave here next week for a stay at
Worthington Springs, and from there
to their new home in Alabama. W. S.
Yearwood and family will move on the
Aycock place at once.

Death of Mrs. Jones.

Mrs. Jones, the aged mother of W.
A. Jones of this city, died at her home
in Otter Creek Monday of cancer, after
an illness of several months. The sad
information came by telegram to Mr.
Jones, who left by first train. The
funeral was held Tuesday, the inter-
ment being at Otter Creek cemetery.
The Sun, with other friends, extends
to the bereaved family deepest sym-
pathy.

\$100 Reward, \$100.

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages, and
that is catarrh. Hall's Catarrh Cure
is the only positive cure now known to
the medical fraternity. Catarrh being
a constitutional disease, requires a con-
stitutional treatment. Hall's Catarrh
Cure is taken internally, acting direct-
ly upon the blood and mucous surfaces
of the system, thereby destroying the
foundation of the disease, and giving
the patient strength by building up the
constitution and assisting nature in do-
ing its work. The proprietors have so
much faith in its curative powers that
they offer One Hundred Dollars for any
case that it fails to cure. Send for list
of testimonials. Address:

pation.

NEW ICE FACTORY FOR GAINESVILLE

Electric Light and Power Com-
pany Will Install Plant.

CAPACITY OF TWENTY TONS

Company Feels That There is Plenty of
Patronage to Sustain Two Factories,
and Decided to Utilize Power to Full-
est Capacity.

The first annual meeting of the
stockholders of the Gainesville Gas and
Electric Power Company, under the
charter recently granted by the State
of Florida, when the property of the
Gainesville Gas and Electric Light
Company, a private concern, was ab-
sorbed by the corporation, was held at
the offices of the company in this city
Saturday morning.

This was an important meeting, since
many matters of importance to the
company and the city were to be
brought up, discussed and disposed of.

The first business to come before the
meeting was the election of officers for
the ensuing year, which resulted as
follows:

President, Chas. W. Morse, Haver-
hill, Mass.; vice-president, H. F. Hurl-
but, Boston, Mass.; treasurer and gen-
eral manager, G. I. Doig, Gainesville,
Fla.; directors, Chas. W. Morse, H. F.
Hurlbut, John Cashman, Boyd B.
Jones and Geo. I. Doig.

The company, realizing the incu-
pacity to supply the demand for ice,
decided to install at once a modern
plant for the manufacture of ice. The
plant will have a capacity of not less
than twenty tons per day at the begin-
ning, and will be increased from time
to time as the demand requires. It has
not been definitely settled, but a De
La Vergne machine will more than
likely be installed.

In speaking of the erection of the
ice plant, President Morse, who is now
in the city, said: "In voting to install
this plant our company is only carrying
out its original ideas. When the elec-
tric plant was added to the gas business
we had the ice plant in view, and de-
termined eventually to manufacture
gas, electricity and ice with one simul-
taneous power, hence a steam plant of
sufficient power was installed. The ice
plant will engender nor require no ad-
ditional power and very little expense,
and we may now be enabled to utilize
our power for twenty-four hours every
day."

The company is considering several
bids, but Mr. Morse authorizes the
statement that the plant will be in-
stalled within a short time.

You Must Sleep.

If you cannot, it is due to an
irritated or congested state of
the brain, which will soon de-
velop into nervous prostration.

Nature demands sleep, and
it is as important as food; it
is a part of her building and
sustaining process. This period
of unconsciousness relaxes the
mental and physical strain, and
allows nature to restore ex-
hausted vitality.

Dr. Miles' Nerve brings
refreshing sleep, because it
soothes the irritation and re-
moves the congestion.

It is also a nerve builder; it
nourishes and strengthens ev-
ery nerve in your body, and
creates energy in all the organs.

Nothing will give strength
and vitality as surely and
quickly as Dr. Miles' Nerve.

"During the past winter I had two
attacks of LaGrippe which left me
very weak, and in bad condition. I
was so nervous I could not sleep. My
wife, after trying different remedies,
went for a doctor. The doctor was
out, and a neighbor recommended Dr.
Miles' Nerve, and she brought home
a bottle. I had not slept for some time,
and had terrible pains in my head.
After taking a few doses of Nerve
the pain was not so severe, and I
slept. I am now taking the second
bottle, and am very much improved."

HENRY M. SMITH, Underhill, Vt.
Dr. Miles' Nerve is sold by your
druggist, who will guarantee that the
first bottle will benefit. If it fails, he
will refund your money.

Prompt Attention to All Business.

STOP! WOMEN,

AND CONSIDER THE
ALL-IMPORTANT
FACT

That in addressing Mrs. Pinkham you
are confiding your private ills to a woman
—a woman whose experience with wo-
man's diseases covers a great many years.
You can talk freely to a woman when it
is revolting to relate your private troubles
to a man—besides a man does not under-
stand—simply because he is a man.

Many women suffer in silence and drift along
from bad to worse, knowing full well that they
ought to have immediate assistance, but a natural
modesty impels them to shrink from exposing them-
selves to the questions and probably examinations of
even their family physician. It is unnecessary.
Without money or price you can consult a woman
whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation:

Women suffering from any form of female weak-
ness are invited to promptly communicate with Mrs.
Pinkham at Lynn, Mass. All letters are received,
opened, read and answered by women only. A
woman can freely talk of her private illness to a
woman; thus has been established the eternal
confidence between Mrs. Pinkham and the women
of America which has never been broken. Out
of the vast volume of experience which she
has to draw from, it is more than possible
that she has gained the very knowledge
that will help your case. She asks nothing
in return except your good-will, and her
advice has relieved thousands. Surely any
woman, rich or poor, is very foolish if she
does not take advantage of this generous
offer of assistance. — Lydia E. Pinkham
Medicine Co., Lynn, Mass.

Following we publish two let-
ters from a woman who ac-
cepted this invitation. Note the
result.

First letter.

"Dear Mrs. Pinkham:—
"For eight years I have suffered something
terrible every month with my periods. The
pains are excruciating and I can hardly stand
them. My doctor says I have ovarian and
womb trouble, and I must go through an op-
eration if I want to get well. I do not want
to submit to it if I can possibly help it.
Please tell me what to do. I hope you can
relieve me."—Mrs. Mary Dimmick, 59th and E.
Capitol Sts., Benning P.O., Washington, D.C.
Second letter.

"Dear Mrs. Pinkham:—
"After following carefully your advice,
and taking Lydia E. Pinkham's Vegetable
Compound, I am very anxious to send you
my testimonial, that others may know their
value and what you have done for me."

"As you know, I wrote you that my doctor
said I must have an operation or I could not
live. I then wrote you, telling you my all-
ments. I followed your advice and am en-
tirely well. I can walk miles without an
ache or a pain, and I owe my life to you and
to Lydia E. Pinkham's Vegetable Compound.
I wish every suffering woman would read
this testimonial and realize the value of writ-
ing to you and your remedy."—Mrs. Mary
Dimmick, 59th and E. Capitol Streets, Ben-
ning P.O., Washington, D.C.

When a medicine has been successful
in restoring to health so many women
whose testimony is so unquestionable,
you cannot well say, without trying it,
"I do not believe it will help me." If
you are ill, don't hesitate to get a bot-
tle of Lydia E. Pinkham's Vegetable
Compound at once, and write Mrs. Pink-
ham, Lynn, Mass., for special advice—
it is free and always helpful.

THE ELECTED OFFICERS.

Alachua Encampment No. 9, I. O. O.
F., Holds Interesting Meeting.

There was an interesting meeting of
Alachua Encampment No. 9, Inde-
pendent Order of Odd Fellows, at the
conclusion of the regular meeting of
the order Monday evening, when the
following officers were elected for the
ensuing term:

J. G. Torrey, C. P.; N. E. Benson, S.
W.; J. W. Wanding, H. P.; Robert
McClellan, J. W.; A. M. Cushman,
scribe; L. E. Webster, treasurer.

There was manifested a renewed in-
terest in the encampment, and several
actions were acted upon and elected to
that degree. A special meeting will
be held this evening at the lodge room
over Dutton's bank for the conferring
of the degrees. All Patriarchs are frater-
nally invited.

Morphine Ends Woman's Life.

Atlanta, March 28.—From an over-
dose of morphine Ethel Venable, a
white woman who lived over a Decatur
street store near Piedmont avenue
died at the Grady hospital Sunday af-
ternoon. The woman took the drug
it is believed, with suicidal intent,
while at her home. When the hospi-
tal ambulance reached the place she
was unconscious. She had been treat-
ed at the hospital for morphine pois-
oning twice before.
